Dear sir/madam,

With this letter we would officially like to invite the 1st High School of Ilioupolis to visit the Heerbeek College in Best in the period between 9 March 2013 and 15 March 2013.

This visit is part of an exchange programme that started in 2012. After an internet exchange using the Etwinning device created by the European platform the 1st High school of Ilioupolis welcomed us in Greece in April 2012.

The Heerbeek College and the 1st High School of Ilioupolis decided that we want to establish a long term relationship in which students communicate via internet and visit each other every other year.

The programme of exchanges is an intricate part of the international awareness programmes run on both schools. The students who were so warmly received by the families in 2012 will now return the favour.

We hope that we can return the hospitality we have received last year and are eager to show the Greek students and staff our surroundings, living conditions and school.

Yours sincerely

P.C.M van der Vorst
Vice-principal Heerbeek Collège Best
Head of International programmes
